# ANNUAL REPORT

OF THE

## SCHOOL BOARD OF MILTON,

FOR THE

Year Ending March 1st,

1902.

## REVIEW OF THE SCHOOL YEAR.

---

During the year covered by this report there have been thirty weeks of school in each district, except in the West Milton school where, on account of the fewness of the pupils, no fall or winter term has been kept. But the pupils have been transported in the fall term to the Hare Road school, and in the winter term to the Nute Ridge, which latter arrangement better equalized the number of pupils and gave better satisfaction.

The schools in the Highland District, Plummer Ridge and South Milton, have continued with the same teachers as in the previous year. And Miss Fannie Hayes has taught the whole year the Nute Ridge School.

At the end of the summer term Mr. Walter H. Bentley finished a most satisfactory year as principal of the grammar school in the Milton village district. Having received the election to the principalship of the Sawyer Grammar School, Dover, at a very much larger salary, he resigned his position here. Mr. Waldo T. Davis a graduate of Dartmouth College was appointed to the place. No change of teachers has been called for in the other schools of the village.

In the exercises at the close of the winter term Miss Hussey's room in connection with the grammar school gave an excellent exhibit, showing thorough preparation and especially excellent results, from the very limited attention we are able to give in singing. In the lower rooms Mrs. Berry has given continuous satisfaction for full five years, and Mrs. Kimball for a much longer period. Very fortunate indeed has been the Providence that has given Mrs. Kimball for so long a term of years to give the first primary instructions to so many hundreds of children. May she

be able to continue for many years more the instructions that have blessed so many young lives, is the devout prayer of many mothers of little children, that remember their first lessons from her.

Mr. William McCue, who had given such excellent satisfaction in the Milton Mills High School, was led by family reasons to resign his position at the end of the summer term to accept a position near his home. Mr. V. E. Rand, a graduate of Bates College, has succeeded him the last two terms.

A good average number from the town common schools successfully passed the examinations and are attending the Nute High School under the new principalship of Arthur D. Wiggin.

With all the money spent in the education of our youth and the constant effort to enforce the laws requiring the attendance at school of all youth (and it is believed there are very few violations of the law) yet we are aware that many get through the school with very limited book knowledge and poor mental equipment for this age that demands so much. We believe our teachers generally are faithful, and we know many parents are not a little anxious that their boys and girls should make the most of their opportunities. The boys and girls themselves must realize that, with all that is done for them, they must add their own earnest, patient, and, often it must be, slow endeavors, to gain that mental discipline which, with a good heart, is the best tool they can carry into life to hew out their good fortunes.

The schoolhouses at South Milton and the Branch were painted and the interior of the house at Plummer's Ridge has been thoroughly renovated. Concrete walks have been laid at the Milton Mills schoolhouse.

*Respectfully submitted,*

FORREST L. MARSH,  
ANNIE E. COOK,  
MYRON P. DICKEY.
